# ADJECTIVES

by Mr A, Mr C and Mr D Present

How can I write to make people care? (ooh hoo hoo)  
Keep them hooked and want to share? (ooh hoo hoo)  
Bring words to life and don't despair, (ooh hoo hoo)  
Just take the nouns and add some flare, (ooh hoo hoo)

A place is a noun, let's say it's the city,  
We could say it was bustling or dirty or pretty,  
The people are nouns, let's say they were busy,  
We could say they were frantic or noisy or dizzy,

The built-up city was quiet and calm, (ooh hoo hoo)  
Broken lights, eerie nights,  
Nothing but the fire alarms, (ooh hoo hoo)  
Monster beats, deserted streets,  
Zombies shuffling their feet, (ooh hoo hoo)  
Describe the nouns, so come on yeah,  
Just take the nouns and add some flare, (ooh hoo hoo)

## Chorus

Magic adjectives,  
Describe for me,  
Magic adjectives,  
From London to N.Y.C.,

You got to hip to the hop you just don't stop,  
Because we're all headed down to the adjective shop,  
Gonna buy me some words, gonna buy me some rhymes,  
Describing the nouns teacher all of the time,

He had a shoe, (what?)  
He had a hat, (what?)  
He had some cheese, (please!)  
Come on, describe them for me,  
He had a shoe, (what?)  
He had a hat, (what?)  
He had some cheese, (please!)  
Come on, describe them for me,

He had an old shoe, (yes!)  
 He had a huge hat, (yes!)  
 He had some green cheese,  
 Now, that's making me pleased,  
 He had an old shoe, (yes!)  
 He had a huge hat, (yes!)  
 He had some green cheese,  
 Now, that's making me pleased,  
 So now you're telling me more,  
 You can hit the dancefloor,  
 And when the nouns are found,  
 You're just describing them all,  
 Stop!  
 My phone is ringing; I think I'm getting a call,  
 "Err, hi Mr D it's just Bertram here. Just a quick call, can you turn it down please?"

Chorus

Verse 3

A place is a noun, let's say it's the city,  
 We could say it was bustling or dirty or pretty,  
 People are nouns, let's say they were busy,  
 We could say they were frantic or noisy or dizzy,  
 Open your mind,  
 Set words free!  
 Yeah, I wouldn't worry too much about that.

Chorus
