SONG AND LYRICS
3D SHAPES

3D SHAPES

By Mr A, Mr C and Mr D Present

3D shapes are, 3D shapes are
3D shapes are cool (x 3)

Well 3D shapes have faces
That's just the flat area of one side
All 3D shapes have edges
That's the lines, that's the lines
That's the lines of the sides
Oh but let me warn ya
They all have vertices
Oh but let me warn ya
'Vertices' is just a posh word for a
corner.

A cube is made entirely of squares
A cuboid is made of rectangles
A pyramid can have any shaped base
But always has some triangles

We'll put up a triangular prism
When I go camping with you
Then poor some sweets from inside
The 3-sided cylindrical tube

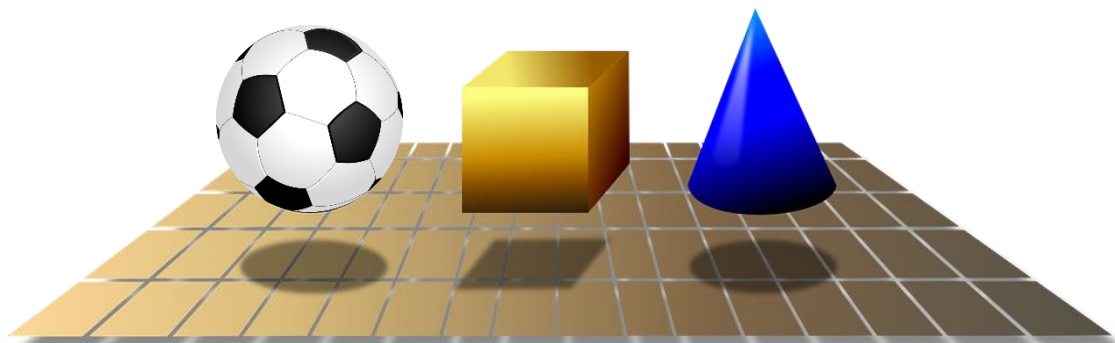

Come on everyone
This ain't no Rubik's Cube

Hey, hey
Come here
Want to play football with my new
sphere? x2

Well 3D shapes have faces
That's just the flat area of one side
All 3D shapes have edges
That's the lines, that's the lines,
That's the lines of the sides
Oh but let me warn ya
They all have vertices
Oh but let me warn ya
'Vertices' is just a posh word for a
corner.

Hey, hey, hey
Hey, hey, hey
Want to play football with my new
sphere? x4
